Fax: 0228/73-6884

skinzig@uni-bonn.de

PLEASE REGISTER BY FEBRUARY 15, 2015

#### **INVITATION AND CALL FOR PAPERS**

Notice that the format of this conference differs from earlier meetings. Each project leader must hand in a list of selected papers. At the conference, each project will first present its list of nominated publications and explain the relevance of the chosen publications for the SFB (five minutes). These reports are followed by a regular presentation by a project member (30 minutes talk followed by five minutes comments from an official discussant). On top of these presentations (one per project), a couple of slots will be added for papers by junior researchers.

#### **PLACE AND TIME**

The conference takes place at the Gustav-Stresemann-Institut (<http://www.gsi-bonn.de/kontakt/anreise/>) in Bonn. It starts on Wednesday, April 22 at 4:00 p.m. and ends on Friday, April 24 at noon. The meeting of the board starts on Friday at 1 p.m.

#### **REGISTRATION**

Please register by sending an e-mail to [info.bgse@uni-bonn.de](mailto:info.bgse@uni-bonn.de) by February 15, 2015 the latest. Each project is asked to select a paper to be presented at the conference and to please submit title, abstract and possibly a pdf version of the paper until February 15 to enable the discussant a solid preparation. The same applies to those papers for the additional presentation slots.

#### **EXPENSES**

Board and lodging take place at the conference venue and are taken care of. Travel expenses will be reimbursed by the local nodes.
