5th SFB/TR 15 workshop for young researchers

Dear Colleagues and Friends,

the fifth SFB/TR15 workshop for young researchers (PhD students, PostDocs, JProfs) will take place May 15th - 16th 2009 at Humboldt University in Berlin. The workshop starts Friday in the afternoon. Participants of the SFB/TR15 conference in Caputh will have enough time between both events to change location and check in at their hotels.

The idea of the workshop is to present and discuss work in progress or research ideas. Each participant will have a 90-minutes session for presenting his/her work. We will bring together groups of 5-6 persons of similar methodological background, who are expected to contribute ideas, methods, applications, and solutions. Depending on the number of participants we will arrange for parallel or shorter sessions. There will also be two invited speakers.

You may submit your paper (together with some questions that you would like to discuss at the workshop) beforehand and we will distribute it to the participants. There will be no formal discussants or beamer presentations, but you are encouraged to prepare a handout for the other participants.

The registration deadline is **April 15th 2009**. Please register with Thomas Giebe (thomas.giebe@wiwi.hu-berlin.de). Travel expenses will be covered by the local SFB projects. The final program will be sent to all participants after the registration deadline. If you have questions or additional ideas, do not hesitate to contact us.

Very truly yours,

Thomas Giebe (thomas.giebe@wiwi.hu-berlin.de)
